

8/28/03

Conference call w/ Ellison Stollenwerck and Scott Williams from La Quinta Inns Regarding the Intermountain Insulation Site and the Consent for Access to the site. There was an agreement to:

- allow EPA to take samples of soil, dust and air
- provide La Quinta with all sampling data within one week of EPA's receipt of this data. EPA will also provide a report to La Quinta as soon as a public version is available
- EPA will perform all sampling not inconsistent with the NCP

A new access agreement was written up with these changes and sent to La Quinta for approval.
